2 1st Year FREE Ethylene Gas Filter Program with ALL STANDARD Models

Ethylene gas is colorless, odorless, and deadly to your product. The good news is that protection is easy. We lead the industry in providing ethylene filter programs at no cost with all new equipment sales. Protection is as easy as choosing SRC.

3 SRC "Surround-Air™" Refrigeration

- Low Velocity, high humidity coils provide the ultimate environment for your delicate arrangements
- Copeland indoor compressors featured
- Energy efficient outdoor systems available

"BEST" in Floral Refrigeration

SRC "Surround Air™" (U.S. Patent and Trademark office Reg No #2.377.379)

4 Superb Warranty Policy

Standard on all SRC equipment: 5 year compressor motor, one year parts and 90 days labor on all factory installs. We will go one step beyond and coordinate your warranty service if necessary. Many florists don't know who to turn to if problems develop, and we want to be there for you. Warranty bills will be coordinated, authorized and paid by SRC. Your time and resources will not be tied up waiting and hoping for reimbursement after the fact.

5 "Hassle Free" Freight Program

Not every delivery goes exactly as requested. When items are either missing or damaged you will not be asked to work with the delivery company to resolve the problem as most companies require. Simply make a notation on the freight bill and fax it to SRC. SRC will promptly handle, resolve and keep you informed.

Best Value Guarantee

As you compare features and services from our company and others, keep asking yourself, "Who offers the best value?" SRC Refrigeration will continue to be at the top of your list. Please call me personally if you feel you have found a better value. I will justify my price or match theirs. Either way you benefit.
